International Agreements Opportunities

Strengthening Latin American education through
academic alliances

HISTORY OF CTA

The history of Faculdade CTA began in 2006, when Dr. Joy Martins and Dr. Kelly Ricca founded a partnership that started with a single clinic, which quickly prospered. In 2010, with the opening of the Carpe Diem clinic, a significant expansion occurred, offering more than 20 extension courses for Brazilian students. This rapid growth was characterized by quality and a strong dedication to research. In 2016, the first “Casal Dentista” clinic was inaugurated, fulfilling another dream of the founders.

The creation of the CTA Academy in 2019 marked the internationalization of the institution. In 2020, Faculdade CTA experienced its greatest expansion, adding multiple undergraduate and graduate programs in various health fields and achieving the maximum score (Grade 5) awarded by the Brazilian Ministry of Education (MEC). In 2023, the Graduate Studies for Foreign Students project was launched, offering transformative residency and specialization experiences for Latin American professionals.

At Faculdade CTA, sharing knowledge has always been the key to standing out.

Mission, Vision and our Values

Mission

Develop and train innovative professionals in the medical, aesthetic and dental fields, with a focus on high-performance teaching. Our practical approach, supervised by market experts, ensures effective and modern learning.

Vision

Become the leading international reference in anatomical studies of facial and body aesthetics, dentistry, biomedicine and medicine. We seek to train high-quality professionals, supported by the most complete educational infrastructure in Brazil.

Values

Hospitality, empathy, ethics, interdisciplinarity, integration, innovation and respect.

CTA in Latin America

We are present throughout Latin America, building strong and strategic alliances for quality education, innovation and respect.

Together, we strengthen our commitment to the knowledge and training of professionals who make a difference in the world.

A JOURNEY OF

Only 35 minutes

Getting to Faculdade CTA is fast and convenient.

We are located just **35 minutes from São Paulo – Guarulhos International Airport (GRU)**, one of the main air connection hubs in Latin America. (Estamos ubicados a solo **35 minutos del Aeropuerto Internacional de São Paulo – Guarulhos (GRU)**, uno de los principales puntos de conexión aérea de América Latina.)

Throughout the years,

we have grown alongside our students, expanding courses, structures, and opportunities that transform lives, becoming a benchmark in the preparation of professionals for the future.

Over time, it continues to grow, with the inauguration of courses and the expansion of the campus and international agreements.

The history of CTA continues,
and inspiring and training new professionals is
and always will be our purpose.
