

ADVANCED TRAINING IN IMPLANT DENTISTRY

Zygomatic & Full-Arch

The Ultimate Clinical
Immersion in Brazil.

Celebrating 6 Years of Global
Excellence in Brazil.

The only live-patient course that meets
ADI, ITI, and CGDent requirements.

August 03-06, 2026 | São Paulo, Brazil

Master Complex Cases with Absolute Confidence

- ✓ Dentists seeking excellence in high-complexity surgeries.
- ✓ Focus on mastering implants in terminal dentitions.
- ✓ Confidence in treating patients with severe bone resorption.

We are not just theory. We are the **only** program in the world that offers an **unmatched** blend of advanced theoretical knowledge and **surgical clinical experience with live patients.**

You will operate in a safe and rigorously controlled environment led by surgeons with **over 15 years of exclusive experience in implants.**

The Engineering of Our Training

The Practice

- Daily treatment of real patients.
- Minimum guarantee of 2 live surgical cases per day.

The Dynamics

- Rigorous planning in the morning, surgical execution in the afternoon.
- Exceptionally high instructor-to-student ratio, ensuring 100% personalized attention at every step.

The Result

- The ability to perform immediate-load Zygomatic and Full-Arch implants proficiently, safely, and autonomously.

Your Roadmap to Mastery: 6-Day Deep Dive

Day 1: Foundations & Hands-on

Morning: Theoretical immersion (planning and anatomy).

Afternoon: Practical models workshop for absolute mastery of surgical kits and instruments.

Days 2 to 5: Surgical Center & Real Patients

The Duo Dynamic: Roles are divided into shifts (AM/PM).

The Method: In the morning, one student operates and the other assists. In the afternoon, roles reverse. Exponential learning through observation and collaborative practice in a safe environment.

Day 6: Decompression & Networking

A well-deserved break after an intense week of surgeries. An exclusive relaxation day at the beach or a private boat tour with a barbecue.
